Im sure you're already aware, but January 6th the formal electoral count takes place. During which as long as 1 Congressman AND 1 Senator object to a States votes then the Senate and the house must separate to their respective chambers and debate for 2 hours before voting. They both vote whether to accept or reject that state's votes. If BOTH agree then a state can be thrown out. Unfortunately, the House is Dem majority, so it is unlikely both will vote in favor.... then Vice President Pence could be the deciding voter....

With millions of pissed off Patriots on their doorstep, the politicians will think hard about their votes

That's precisely the play in motion, when Pence rules to certify that fraud occurred and chooses alternate electors the ball moves to the other court and they have to disprove evidence of fraud instead of ignoring it. They will spend days crying about it on media. Hope you stocked up on popcorn.

Even if he does, believe me, POTUS has an alternate plan. This will show the American public just who Mike Pence really is, which is critical. Remember Pence got an envelope at the funeral of George Bush. Remember all the others at that event had done as well. While I would love to know the contents of those letters personally it is enough to know and see who got them. There was a reason for that. I trust The Plan.

Pence is a god-fearing, common sense patriot and has been since he accepted the VP slot. Some might say before that even. If Pence double crosses us we will face that scenario when it arrives, but until then we have seen no indication, historical or developing, that he may do so. The difficult part is that he can't just come out and say it, he has to remain impartial at least in appearance or it will taint his dispute if he comes under fire for it (he will). As with all politicians working under partisan warfare, look for subtle cues rather than public statements. Keep in mind he is a reserved fellow, don't expect him to do the same double meaning statements people like Comey and FBI randomly do when things get hot.

That's not how any of this works man.

Pence can't just "certify that fraud occurred" and choose "alternate electors." Do you think Pence will just be like "I throw out fraudulent electors and only certify electors for Trump" then Trump wins?

Is that what you think?

Pence should not choose any. Not a Trump elector. Not a Biden elector. Do not act on anything. The whole process was shit.

Legislatures won't act. The courts won't act. No one with the authority to seriously address the issues has at this point despite ample time to do so. Too much of this battle has been fought with one side dictating the rules of engagement.

Who should be deciding? The citizens of the United States of America. Fuck anyone else that thinks it should be decided any other way.

Don't certify a single damn elector. It may have varied how egregious it was but fraud was not limited to certain states. Dispute every fucking elector. Don't let a single one sit back thinking they can ignore the entire process. A confrontation is needed. Force one.

<https://archive.is/rI4FD>

The one thing I will point out that you're correct about is that this only applies to states that are in dispute. This is one of the reasons I've been posting threads warning about a likely constitutional crisis, which worries me more than CW itself.

That's why you have Doomers here trying to demoralize you. They want you to feel helpless, to stop calling and emailing. It's not always about winning the battle. It's about showing up everyday. That's what we need to do. Just like General Washington against the British. We keep moving and doing what is necessary.

I disagree, you might call somebody a doomer, but that doesn't mean they are trying to stop you or demoralize you. They might just be pointing out that you're not going far enough. I'm very excited for the 6th, but realistically nothing is going to happen unless people start burning that fucker down.

You are like a college kid indoctrinated on Marxism except you drank Doomer kool-aid. You do not even know what opportunities exist before the 6th. You are stuck on 1 date because the other side (corrupt state politicians and judges) are also holding their line. They are holding in Hope's that you give up so they can roll this steal on you. You probably believe if the 6th goes against Trump that it's over. That's also wrong and we can also go beyond January 20th. China needs that Civil War and they have played a game on many people here.

We now know who we can trust and who we can't.

For Example: I thought Matt Gaetz was a bit of a fair weather friend. Liked to grand stand but was no different to a normal cuckservative. Turns out he's based for real.

Everyone is showing their hands now. When Trump pulls this off, he knows exactly who is real and who was a phoney. AND he's got at his fingertips a way to drain the swamp in one go in a way that cannot be undone after his term finishes.

Hey everyone. All the evidence matters. MORE is always better. The reason it isn't "working" is because:

1. We are being blocked by the legislative AND judicial AND 4th estate AND "big tech/social media" **UNPRECEDENTED CENSORSHIP** (*and the message has still made it out and had HUGE effects on broader populous so far*)
2. We aren't experts on conducting revolutions and outreach because this is all NEW to Americans and uncharted territory. **NEW BATTLEFIELD** 3) We are being led partially by shills like A. Jones and still infiltrated with grifters who are slowly working their way out of our camp (McConnell & co.) **SELFISH/ROGUE ACTORS**
3. CCP is suppressing & actively infiltrating ahead of Jan. 6 and DESTROYING EVIDENCE/CAUSING STRANGE EVENTS (see: Nashville) **INFILTRATED/COMPROMISED FROM WITHIN**
4. People are soft, cucked, negative etc. causing division and rifts in our purpose. To achieve our goals we must keep calling keep fighting and *NEVER lose hope or SPEAK AGAINST OURSELVES*. **DEMORALIZATION AND FEARMONGERING**

Maybe you aren't armed. Maybe you don't have hope today. Maybe you have to go to work and can't attend on Jan. 6th. Maybe you can't make phone calls. Maybe you can't spread the word. Maybe your family doesn't agree.

BUT THE DOOM AND GLOOM IS NOT HELPING SO PLEASE STOP. ALL THE IN-FIGHTING AND NEGATIVITY DOES IS HELP THE OTHER SIDE WIN. WE KNOW WE HAVE TAKEN LOSSES. WE KNOW IT IS BEING CALLED A LONG SHOT. WE KNOW THERE IS LARP'ING.

PLEASE, STOP CALLING IT OUT CONSTANTLY. IT DOESN'T MAKE YOU SOME FUCKING GENIUS, OK? RULE 1: HIGH ENERGY TRUMP RALLY. NO EXCEPTIONS. WE NEED TO KEEP IT UP MORE THAN EVER. STOP THE GODDAMN DOOM, GO TO TUCKER.WIN AND DO IT THERE OR SOMETHING.

You said it matters, then explained why it doesn't matter. Are they, beyond any reasonable doubt, trying to steal the presidency? Yes. That's all that matters. We've seen enough evidence. Nobody who hasn't realized the fraud by now is ever going to realize it until action is taken.

Practically the only people I see losing hope for anything here are people losing hope for a peaceful, legal resolution. We need to NOT keep clinging to strategies that clearly don't seem to be working. And we need to NOT stop speaking against ourselves, because that's part of how we keep our heads on straight and make sure we have the best ideas instead of creating a single deluded fantasy and repeating it forever.

It's the internet, calling people faggots and shills and retards is just part of the discourse.

Its getting harder not to these days. I don't blame people. What's going to happen on Jan 6th that will be so Earth shattering? Is Pence going to make a historic move? Everything we've been hoping on is "it needs to be a historic move to win". I pray and hope for a solution, but everything so far has failed miserably. I think the time is drawing closer for real Americans to make their own history. I hope Trump has an ace up his sleeves..

"better sit down" I didn't say sit down. Absolutely not. Stand up and use your voice!

"trust sessions trust barr and trust Q" I didn't say any of that. I don't "trust" any supposed or theoretical "plan." Trusting that there's a "plan" would make us lazy and complacent.

I meant don't show your ass by being negative and hopeless. Don't fight your own side!

Here's a question: If WE had WON, and did it by fraud and lies, would you CALL OUR SIDE OUT? Would you DENY IT or be HONEST? If you're HONESTLY this hopeless, maybe the best solution would be to just not say anything? Look at the Dems: do you see any of them saying "We have to admit it! We cheated! Cannot tell a lie!" Learn from your opponent.

I don't see why this is something controversial to say. :\

Ok so here is my take on what needs to be done: We get these drops every few days saying “X number of fraudulent votes, X number of votes were switched from Trump to Biden, X number of votes came in after Election Day and were counted unconstitutionally, etc.”. GEOTUS and his staff need to finalize a vote total for AZ, NV, WI, MI, PA, GA based off of percentages on midnight 11/3 or if you need to throw out votes use the mail in ballot percentages so Biden loses more of the batch. They need to make a declaration stating this is the final vote count by our records, we have brought these numbers to court and no one will hear our case. Based off these numbers we won X number of states and thus won the election by X number electoral vote totals. Basically a concrete, objective statement needs to be made putting out a final vote total when fraud is thrown out. Finalize it by saying until a court looks at our totals here and disproves it we won by this amount and these is final. Until we have something like that no normies will care or pay attention when president Trump just says “we won”. Give them a counter to the MSM and these states’ “official” final numbers. I’ve been thinking this for a few weeks and maybe didn’t articulate it well but something else needs to be done IMO.

Throw it all away. Trump needs to be king or Emperor. When he dies we can figure out another way. Although Don Jr would be the next best thing.

I honestly don't think we can "fix" this. Congress was supposed to be a check on the president's power. They are corrupt as fuck. Every one of them needs to go. We will not have fair elections ever after this travesty. Next best thing is Donald the First. Hell, that wouldn't be "next best" it would be better. The only way to fix this is all out civil war and we kill them all. Then close our borders and the rest of the world can go fuck themselves or they're next. I am past the point of no return.

V. Conclusion The precinct level estimates for Georgia and Pennsylvania indicate that vote fraud may account for Biden's win in both states. The voter turnout rate data also indicates that there are significant excess votes in Arizona, Michigan, Nevada, and Wisconsin as well. While the problems shown here are large, there are two reasons to believe that they are underestimates: 1) the estimates using precinct level data assume that there is no fraud occurring with in- person voting and 2) the voter turnout estimates do not account for ballots for the opposing candidate that are lost, destroyed, or replaced with ballots filled out for the other candidate
